

I pay for the XM Satellite Services and that I feel that it is not up to the National Association of Broadcasters dictate what I am permitted to hear. Don't these Representatives have more important issues (i.e. gas pricing) to look into than to sit around and dictate as to what I pay for and want to listen to.

Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
